

**Académie Internationale de Philosophie des Sciences**  
**Entretiens de Zadar : 6-10 septembre 2010**  
*Science and interpretation*  
**Programme**

*September 6*

Arrival of the Participants

*September 7*

9.00 Opening ceremony

9.30 Evandro Agazzi, *The hermeneutic dimension of science*

10.30 Peter Mittelstaedt, *The Problem of Interpretation of Modern Physics*

11.30 Break

12.00 Roland Omnès, *On the interpretation of quantum mechanics*

15.00 Fabio Minazzi, *Epistemology as hermeneutics of knowledge*

16.00 Alberto Cordero, *Predictive power and the hermeneutic circle*

17.00 Break

17.30 General Assembly of the AIPS

*September 8*

9.00 Jure Zovko, *Hermeneutic and hypothesis*

10.00 Paul Weingartner, *Metaphysical Principles - Should they be interpreted in the light of our scientific knowledge today ?*

11.00 Break

11.30 Stipe Kutleša, *Can metaphysics be useful for science?*

15.00 Excursion

*September 9*

9.00 Hervé Barreau, *L'interprétation de la théorie de la Relativité comme un approche progressive de la réalité physique et cosmique*

10.00 Jacques Ricard, *On the theoretical interpretation of scientific data*

11.00 Break

11.30 Michel Ghins, *Objective representation and interpretation*

15.00 Marijan Šunjić, *Reductionism: A shaking pillar of scientism*

16.00 Boris Kožnjak, *What is "poietic" in quantum mechanics*

17.00 Closing ceremony
